MILLINERY
Is to be found at the
People's Store
Our spacious Department is at all times filled to its utmost capacity with the most desirable shapes of Street Hats, Dress Hats, Turbans and Fancies. It should not be taken as a criterion that because we sell a shade hat at 35c which is sold for 75c elsewhere, or a dress hat at 65c and 85c which is sold at $1.25 or $1.50 elsewhere, that there exists any difference in the grade of hat. The only difference is in the manner of buying and selling.
If you intend to get Millinery, you will save money and get the latest styles at our Millinery Rooms. Hats trimmed to order.

DURING THIS WEEK
We will open out
10 Cases More

The Charity Ball.
The charity ball at Armory Hall last evening, attracted one of the most elegant assemblages ever seen in Los Angeles. The hall was beautifully decorated with flowers and evergreens. Some very elaborate toilettes were noticeable among the ladies, but, as the TIMES's man Jenkins was not on duty, especial mention of them must be dispensed with. The committees were as follows:
Board of Managers.—Mrs. C. Ducommun, Mrs. John A. Wills, Miss C. Woolwine, Mrs. W. H. Perry, Mrs. S. Heilman, Mrs. A. L. Bath, Mrs. B. O'Sandon, Mrs I W. Hellman, Mrs. H. Newmark, Mrs. W. S. Moore, Mrs. W. D. Gould, Mrs. McLellan.
Reception Committee—H. W. O'Melveny, W. S. Moore, Morris Meyberg, Lion Jacobs, Maurice Newmark, Abbott Kinney, Joseph Banning, R. F. Del Valle, Andrew Barrell, J. W. Montgomery.
Floor Manager—Dr. William L. Wills.
Assistant Floor Managers—H. McLellan, William Caswell, James Slauson, H. J. Fleishman, Sutherland Hutton, jr., Fred Griffith.

Birthday Surprise Party.
Miss Allie Ferguson was the recipient of a birthday surprise party, given by Mrs Dr. Robbins, at her residence on Main street, last Monday night. Miss Ferguson was presented with an elegant pair of solitaire diamonds by Mrs. Dr. Robbins, and a handsome basket of flowers by Col. Hall. Singing and dancing was the order of the evening. Beautiful selections were sung by Mrs. Levy, Mr. Stoneman and Mr. Blosser, cornet solo by Mr. Burke. Among those present were Dr. Thompson and wife, Mr. and Mrs Ed Lylle, Santa Monica; Mr. and Mrs. S. Levy, Mr and Mrs. Moore, Mrs. Chamberlin, the Misses Barick, Miss Smith, Miss Hattie Gilbert, Miss Nellie Horn, Messrs. Stoneman, Murry, Rowan, Eastman, Burke, Blosser and F. H. Fitzgerald.

THE promise of success buds in the May Musical Festival rehearsals, which go off with energy, enthusiasm and euphonous solidarity.

THE mining camps of New Mexico report prosperity and rapidly increasing development. The output of the precious metals for the year will be almost double that of last year.

"THIRTY days from now there will be practically a uniform track gauge and mile time on all the railroads of this country," says a New Mexico paper. What do we this mean? How can such a thing be brought about in a month? Let the able New Mexico editor rise up and explain.

THE LOS ANGELES TIMES says that city and its beautiful suburb, Pasadena, are literally full and running over with visitors. A train of eleven car loads over the Atchison, Topeka and Santa Fé, on the 12th [of April], could find no hotel accommodations. This shows what advertising a beautiful country will do. [Chicago Inter Ocean.

"THE, verily, so mote it be!" or words to that effect. "Let it be recorded."

THE rumor of a bloody encounter between the head fiddler and the tempo tuner of the Tia Juana Wand Opera Troupe had not been confirmed up to the hour when the TIMES special carrier from Lower California mounted his burro and headed for Los Angeles. The very latest advices were to the effect that the inflamed combatants had laid aside their *machets* and *espadas* and taken to the harmless *pluma*, which was making the columns of *El Temblorde Pa Juana* lurid with lightning literature.

RECIPROCITY, moderation and arbitration is what this country needs, says the Philadelphia Press. Make the first compulsory and the others will come voluntarily. But what is to be done with the foreign Herr Mosts and the Herr Schwabs, and the rest of the idle agitators who flood our shores, filled with communism, bad blood and beer, and dangerously operate on the ignorant and the vicious of our great cities? We cannot wait to have the whole population educated before we are safe to let loose upon the country these professional workingmen, who toil only with their jaws and spin not at all. The first law of nature and of nations is self-preservation, and our only safety for the United States is to carefully, conscientiously and thoroughly in every respect kill a few of these Schwabs. It would do them good.

CONNECTICUT, in common with other States and peoples, is "getting onto" the fact that boycotting is illegal. Recently a "walking delegate" was arrested in that State under a law almost identical with section 653 of the New York Penal Code, entitled "Coercion," which is in these words:

"Every person who shall threaten or use any means to intimidate any person to compel such person against his will to do or abstain from doing any act which such person has a legal right to do, or unlawfully follow such person in a disorderly manner or injure or threaten to injure his property with intent to intimidate him, shall, upon conviction, be liable to a fine not exceeding $100 or imprisonment in the county jail six months."

If this proscriptive movement goes on in this country, we predict that every State in the Union will ere long have a similar law to the above upon its statute books. The American people do not like coercion by lawless leagues, and we do not believe they mean to stand it;

THE STORM IN VIRGINIA.
WINCHESTER, Va., May 12.—A fearful storm passed over this place this morning lasting fifteen minutes. Two clouds of a greenish cast, hanging low, one from the northwest, the other from the southwest, met and burst immediately over the city. The wind attained great velocity. Hail stones the size of walnuts fell to a depth of two inches to three feet. Trees were stripped of their foliage. Rain fell in torrents, filling the streets and cellars. The court house had all its window glass destroyed. Carriages were overturned in the roads, the occupants narrowly escaping with their lives. The storm extended only a mile on either side of the place.
SEVERAL LIVES LOST.
INDIANAPOLIS, Ind., May 12.—A report of the Associated Press from Williamsport, Ind., says: "A cyclone struck this place this evening destroying everything in its track. Several houses and barns were blown away."
A report comes from Attica, about two miles east of here, that it struck that place, and destroyed several business buildings, including a new mill, the Reverse House and the Chicago and Great Southwestern railway offices. A wagon bridge over the Wabash river was torn down, several persons were on the bridge at the time it went down, and all are supposed to have been killed. At the Revere House several are reported to have been killed.
AT DAYTON, O.
DAYTON, O., May 12.—A fearful thunder storm visited this city this morning, commencing at 8:30 and at 10, is still in progress, and the rainfall is very heavy, flooding many cellars in various parts of the city.
DAMAGE IN MISSOURI.
ROLLA, Mo., May 12.—A report comes from Vichy Springs, twelve miles north of Rolla, that the greater part of that town was destroyed by the storm on Monday night. A majority of the residences and many business blocks were unroofed and almost completely demolished, but no lives were lost and only four persons were injured, and they not seriously.
SAGE CITY, Mo., May 12.—A violent storm struck this place at 2 o'clock yesterday afternoon. The streets and fields are flooded and covered with water. Fences are torn down and trees uprooted and blown in every direction. Everything which could float is backed two miles south of here, causing immense damage and driving many persons from their houses. Crops in the surrounding country will prove a total loss.

THE STRIKES.
A Great Lockout Threatened in Chicago—Notes.
CHICAGO, May 12.—An extensive lockout of striking tailors here will be inaugurated by the association of clothing men and wholesale dealers to-morrow. A general lockout in this branch of industry means that 20,000 to 25,000 sewing people, men and women, will be denied work. The employers are resolved that it will continue until the strikers withdraw their demand for an increase of pay.
THE SUGAR REFINERY STRIKE ENDED.
NEW YORK, May 12.—The strike of the sugar refiners in Brooklyn has ended. The strikers return conditionally. Those who are taken back will be paid $1 45 instead of $1.35, as formerly. The hours of labor will be more reasonable, and payments will be made twice a month. What the men struck for practically was a recognition of the right of their union to dictate terms, and they have failed.

THE WIND'S WORK.
Epidemic of Cyclones in the Middle West.
BIG STORMS AND FEARFUL PHENOMENA.
Many Lives Lost and Immense Damage Everywhere Reported in the Track of the Tempest.

Associated Press Dispatches to The Times.
CHICAGO, May 12.—The Inter-Ocean's Joliet, Ill., special says: A most destructive cyclone is reported from Odell, a village forty miles south of Joliet, on the Chicago and Alton. This afternoon about 4 o'clock the storm burst. Belgates to the State Sabbath School Convention, returning here at 6 p. m., state that as the train neared Odell they saw the cyclone approaching. First they saw the roof of the elevator rise and sail off in the air, and the building collapse. Then trees and houses raised up and tumbled over and over like feathers and were shattered to pieces. Both brick and frame buildings of all sizes, from shanties to two-story buildings, were destroyed. The train was stopped, but, as the wind was blowing parallel with the track, it was not upset, though the bricks and sticks broke the windows. Considerable time was required to move the debris from the track before the train could proceed. After the cyclone, people busied themselves in looking under the ruined houses for those missing. The train resumed its journey without giving the delegates a chance to learn the casualties, but they report that several men, women and children are killed or injured. The local telegraph agents have been trying to raise Odell all the evening, but cannot succeed, and the real extent of the loss of life and the damage cannot be ascertained.
THE STORM AT JOLIET.
LATER.—One of the severest storms ever known at Joliet struck here about 6:30 this evening. A deluge of rain and hail inundated the streets and the thunder shook the earth. The noise of the thunder bolts was deafening and the electric display unparalleled. A circus was having a performance and in the midst of it the storm struck the tent and turned the whole show upside down. Women screamed, animals howled and a general stampede ensued, amid sheets of lightning, drenching rain and a perfect hurricane. Persons were seriously injured by falling poles, and a number were hurt slightly.
COMMUNICATIONS CUT BY A CYCLONE.
CHICAGO, May 12.—All telegraph wires leading East from Chicago have been badly demoralized, to-night, by storms at Lafayette, Indianapolis, Wilmington and Logansport. One thousand a cyclone is reported, which has cut the city off from telegraphic communication on all sides.

HOW HE LOOKS.
Description of Parsons, the Chicago Anarchist Leader.
CHICAGO, May 12.—The following circular, with a picture of Parsons, has been sent to all the principal cities and towns:
"Arrest for murder and inciting riot, A. R. Parsons, about thirty-five or forty years of age, five feet eight or nine inches high, slim built, 140 pounds weight, dark hair tinged with gray, dark moustache dyed black. Known through the country as a labor agitator, Socialist and Anarchist, and one of the leaders and incendiary orators who caused the riot and massacre in Chicago, on Tuesday night, May 4.
"FREDERICK EHERSOLD,
"General Superintendent of Police."

IN ASHES.
The Town of Coolidge, N. M., Almost Totally Destroyed.
ALBUQUERQUE, N. M., May 12.—A dispatch received to-night gives news that Coolidge, on the Atlantic and Pacific road, was almost totally burned to the ground this afternoon. The origin of the fire cannot be ascertained, but it is supposed to have occurred in the eating house of the station, which was destroyed. The depot was burned to the ground, besides seven other houses, all of them business buildings. There is reported to be little insurance, and the amount of the damage cannot be ascertained.

THE SEIZED SCHOONER.
The Yankee Skipper Disposed to Defy the British Lion.
DIGBY, N. S., May 12.—Captain Kinney and the whole crew belonging to the confiscated Gloucester schooner David J. Adams arrived here to day from St. Johns. All made depositions on the seizure of the vessel. Their statements were taken in strict privacy. Chief Officer Hill and one seaman are in possession of the schooner. This morning Sheriff Van Blarcom posted a writ of the Vice Admiralty Court on the main mast of the schooner. On the arrival of Capt. Kinney on the steamer Secret he was met by Capt. Scott, who demanded the papers of the seized vessel. Capt. Kinney refused to deliver them. Later in the day Captain Kinney was served with a summons by the sheriff, commanding him to appear in the Supreme court at Halifax on a charge of violation of the fishery treaty and certain acts of Parliament. To morrow Capt. Kinney will serve a formal protest against the seizure, and will demand her release. Consul General Phelan thinks the British government had no right to hold the Adams so long without making known the charges against her.

GREAT BRITAIN.
Strong Radical Opposition to the Home Rule Bill.
LONDON, May 12.—A political meeting was held at the residence of Joseph Chamberlain to-day. Sixty members of the House of Commons were present. Mr. Chamberlain explained the renewal of his activity against Gladstone's bill by saying that he had been clearly informed last Saturday that the Premier was prepared to expunge from the measure the clause excluding Irish representatives from sitting at Westminster, and thus maintain the unity of the empire, as desired by the Radicals. Chamberlain declared that nothing short of the withdrawal of the Home Rule bill would restore unity among the Liberals. The meeting unanimously adopted resolutions declaring that those present would do the utmost in their power to oppose the government's Irish bills, as there was no hope that the measures would be amended in a way to make them acceptable to the followers of Chamberlain.
Trevelyan maintained that Home Rule was not feasible and was opposed to the spirit of the age.
Collings denounced the pressure imposed upon the opponents of the bill.
The meeting lasted two hours and unanimously agreed that some sort of autonomy should be granted to Ireland but upon a basis different from that upon which Gladstone's scheme was founded.
ORANGEMEN ARMING.
The loyalists in Ulster conceal arms fearing that Morley, secretary for Ireland, will order the police to make raids for the purpose of seizing the arms. Leading English Liberals have subscribed £100 to aid in buying arms for the Orangemen of Armagh. Drill meetings are being organized by the Armagh loyalists.
DAVITT'S VIEWS.
Michael Davitt in an interview, declared that he would oppose the manifesto of the National League in Ireland and America if Gladstone yielded to Chamberlain's demands for a modification of home rule. Davitt's reason for the opposition of the people of Ulster to home rule, Davitt said scornfully: "Leave this alone to us. We will make short work of these gentry. They are not Irishmen. They are only Englishmen and Scotchmen who settle among us. It would be an absurdity to allow them to dictate to Irishmen how Ireland should be governed. The Nationalists will wage war to the death against any bill which does not subject Ulster to the rule of the statutory Parliament at Dublin."
A MONSTER PETITION.
A petition 371 yards long, and signed by 30,000 women of Ulster, has been handed in at the Home Office, addressed to the Queen. It beseeches her withhold her assent from any home rule bill.
RUMOR OF A CONCESSION.
The Ministerialists say that an important concession will be announced in the House of Commons to-morrow to amend the bill. It is said to provide for a full representation of Ireland in the British Parliament.

GREECE.
A New Ministry Formed—The Blockade Continued.
ATHENS, May 12.—M. Papamichalopoulis, who was summoned to form the new ministry, declined because the King insisted that the ministry should be only temporary with the object of enabling the summoning of the Chambers. The King then summoned M. Valvis, and a ministry was formed. The chambers probably will be convoked within ten days. The new ministry is as follows: M. Valvis, Premier and Minister of Justice; Gen. Sypsas, Minister of War; M. Miadales, Minister of Marine; M. Louriotis, Minister of Foreign Affairs; M. Avierinos, Minister of Finance, M. Vemmezios, Minister of Education; M. Papaitopoulos, Minister of the Interior. The trade of the country for the present is paralyzed, and the blockade of the ports continue until a stable government has been formed and Greece defers to the wishes of the Powers.

A Big Run of Seals.
VICTORIA, B. C., May 12.—The run of seals along the coast is almost phenomenal in its excess, it being difficult to ascertain their number. Hundreds have to be countless. Herd after herd of a thousand in number are wending their way to the north. Old sealers say that never in their recollection were the animals so numerous and had it not been for unpropitious weather the catches of the steamers would have been enormous. The catches of the schooners Black Diamond, Adams and Active are to date respectively 600, 700 and 500.

Dufloted Away.
Madame Dufloti, the miracle worker on teeth and other human members, has quietly folded her band-wagon and as quietly stolen away. She announced last Saturday that she proposed to take Monday for a day of rest, but that she would begin her surgical matinees again on Tuesday, on the circus lot, Main street, near the Tabernacle site. Quite a crowd collected at that place yesterday, but the madame came not. Report hath it that she has gone to San Diego.

Good Sale on Temple Street.
It was reported yesterday that Leslie F. Gay had sold a lot of land, 100 feet square, on the corner of Temple street and Cemetery avenue, for $10,000, being the neat sum of $100 a front foot.

WASHINGTON.
Butler Making it Hot for Rosecrans.
THE DEBATE ON CHINESE INDEMNITY.
Provisions of the Interstate Commerce Bill as Passed by the Senate—National Notes.

Associated Press Dispatches to The Times.
WASHINGTON, May 12.—General Benj. F. Butler and W. S. Rosecrans met yesterday at the meeting of the Senate Committee on Finance. Rosecrans was nominated some time ago to be Register of the Treasury, and Gen. Butler had asked to be given a hearing before Rosecrans's confirmation. The veterans had a lively bout, and Gen. Butler, because of his better language, had altogether the best of the engagement. The two veterans had not met before to-day since the Forty-Eighth Congress, when Rosecrans, as Chairman of the Military Committee of the House, submitted a report accusing Gen. Butler as Treasurer of the Home for Disabled Volunteers of having appropriated to himself about $200,000 of the funds of that institution. Gen. Butler came into the committee room with Rosecrans's report in his hand. He read it to the committee. He said that it accused him of having been unfaithful to the trust reposed in him, and of having stolen money that belonged to disabled and wounded soldiers. He opposed the confirmation of Gen. Rosecrans because that gentleman had made loose and irregular statements, because he had represented certain statements to be the concurrent findings of the Military Affairs Committee, which were not such findings, and because he had made false and reckless charges against him (Butler) without giving the accused an opportunity to reply. Butler talked to the committee for nearly an hour. He explained at length the complexion of accounts which led to the preferment of charges against him. It was urged that a man who would be guilty of making a charge against the honor and integrity of a fellow man upon such a flimsy foundation as these charges preferred against him had, was unfit to hold an office of profit or trust under the Government. Gen. Rosecrans obtained permission to file a written reply to the statements made by Gen. Butler.
Gen Rosecrans has sent to the Senate Committee on Finance a written statement in answer to the charge that he was connected with certain alleged land frauds in California. He does not deny the transaction, but says that he did nothing which was not, according to the advice of his lawyers, perfectly legal, and that his action has since been sustained by the courts. The trans-action covered about 800 acres of land in the vicinity of Los Angeles.

THE CULLOM BILL.
The Provisions for Regulating Interstate Commerce.
WASHINGTON, May 12.—The bill to regulate commerce known as the "Cullom bill," as amended and passed by the Senate, provides for a commission of five persons to be appointed by the President with the advice and consent of the Senate to carry out the purpose of the bill. The principal duties of the commission is to be at Washington where general sessions are to be held, but special sessions may be held elsewhere to suit the public convenience, in which case the necessary expenses incurred are to be paid from the Treasury. Not more than three of the five commissioners shall be appointed from the same political party. All persons holding stocks or bonds in any common carrier, or holding official relation to such corporations are declared ineligible for appointment. The commissioners must not engage in any other business. The commission is given authority to inquire into the business and management of all common carriers subject to the provisions of the bill, and to obtain full and complete information necessary to enable them to discharge their duties correctly. They may require testimony and the exhibition of all books, papers, agreements, tariffs and documents, etc., and may to that end invoke the aid of the United States courts. Persons having complaints to make against any common carrier of interstate commerce shall make complaint in writing to the commission. The commission shall send the complaint to the common carrier, and require either a satisfaction of the complaint or an answer in writing within a reasonable time specified. If reparation is not made within the time stated, the commission shall investigate all complaints forwarded to it by the State commissioners, and may institute inquiries on its own motion. Complaints shall not be dismissed because of the absence of direct damages to complainant. The report of the commission shall be in writing, and its decision shall be made prima facie evidence in all judicial proceedings. Whenever any common carrier shall refuse to obey any lawful order of the commission, it is made the duty of the commission to apply to the United States Circuit Court sitting in equity, alleging the violation, and the court shall hear and determine the matter on short notice, and without the formal proceedings of ordinary suits, but so as to do justice.
The bill requires that all charges for any service in transporting passengers or freights or storing goods by common carriers shall be reasonable. It prohibits all rebates and drawbacks and all unjust discrimination, requiring that all persons shall be charged and treated alike for services rendered under substantially similar circumstances and conditions. Every common carrier subject to the bill shall, within sixty days after it becomes a law, file with the commission copies of all its tariffs of fares and freights including its classification and terminal charges and shall make them public so far as the commission may deem practicable. No advance on such published rates shall be made without ten days public notice.
Section 4 of the bill reads as follows: "That it shall be unlawful for any common carrier to charge or receive any greater compensation in the aggregate for transportation of passengers or of like class and quantity of property subject to the provisions of this act for shorter than for longer distance over the same line, in the same direction and from the same original point of departure or to the same point of arrival; but this shall not be construed as authorizing any common carrier without the term of this act to charge and receive as great compensation for shorter as for longer distance; provided, however, that upon application to the commission appointed under the provisions of this act, such common carrier may in special cases be authorized to charge less for longer than for shorter distances for transportation of passengers or property, and the commission may from time to time make general rules empowering such designated common carriers in such special cases from the operation of this section of this act, and when such exception shall have been made and published they shall until changed by the commission or by the law, have like force and effect, as though the same had been specified in this section. Any common carrier who shall violate the provisions of this section of this act shall be deemed guilty of extortion, and shall be liable to the person or persons against whom any such excessive charge was made for all damages occasioned by such violation."

NATIONAL NOTES.
A Report on the Death of Capt. Crawford.
WASHINGTON, May 12.—The Secretary of State has received a preliminary report from Consul Brigham at Paso Del Norte, Mexico, in regard to the killing of Capt. Crawford by Mexican soldiers. He says there is no way of obtaining definite information, owing to the absence of witnesses to the tragedy, but adds that it is conceded on both side that the attack was made by irregular Mexican troops employed by the State of Chihuahua, through an unfortunate accident and without malice. He further says that the depredations committed in Mexico by Indians nurtured by the United States government are a grievance that cannot well be over looked. The circumstances attending the affair are being investigated by the Mexican authorities.
NOMINATED.
The President sent to the Senate, to day, the name of John Priest to be Collector of Customs for the District of Yaquina, Oregon.
TO SETTLE PRIVATE LAND CLAIMS.
Senator Ransom, from the Committee on Private Land Claims, reported favorably the Edmunds bill to give to the United States courts the power of ascertaining and settling private land claims within the limits of the territory derived by the United States from the Republic of Mexico and now embraced within the Territories of New Mexico, Wyoming, Arizona and Utah, or within the States of Nevada or Colorado.

XLIX CONGRESS—FIRST SESSION.
Senate.
WASHINGTON, May 12.—In the Senate to-day Mr. Mitchell submitted a concurrent resolution expressing it to be the sense of Congress that negotiations should be entered into between the United States and the Chinese government with a view to securing such modifications of the present treaty with China as may result in stopping the coming of Chinese to this country, except in the case of diplomats and their servants and except also in the case of persons at any time driven to seek a place of shelter. The concurrent resolution was referred to the Committee on Foreign Relations.
The Interstate Commerce bill having been completed as in Committee of the Whole, the question was on agreeing in the Senate to the amendments agreed to in committee. A protracted debate arose on the various amendments.
The bill then came to a vote and was passed—yeas, 47; nays, 4. The negative votes were those of Messrs. Brown, Colquitt, Morgan and Ransom.

House of Representatives.
WASHINGTON, May 12.—The messages from the President, yesterday, proved to the Senate, were, to-day, submitted to the House and appropriately referred.
In the morning hour, Mr. Belmont called up the joint resolution providing an indemnity to certain Chinese subjects for losses sustained within the jurisdiction of the United States. The resolution was considered in Committee of the Whole.
Mr. Belmont gave a history of the Chinese massacre at Rock Springs, Wyoming. None of the persons, he said, engaged in the outrage appeared to be American citizens. Rock Springs consisted of two settlements, one inhabited by Welshmen and Swedes, the other by Chinese, all receiving the same rate of pay. For eight years the white and Chinese miners had lived peaceably. Last summer a strike was attempted to be organized by the white miners in which the Chinese refused to take part. The evidence was clear and satisfactory that no other cause of offense was given. On the 2nd of September the white miners, to the number of 150, armed themselves with rifles and made an attack on the defenseless Chinamen, killing twenty-eight and wounding many others, and burning and plundering their quarters. By the passage of this resolution the United States would express its sympathy with the victims of a wrong done by the United States could not prevent or foresee. All considerations as to the responsibility of the federal government in its relation to State and territorial jurisdiction should be waived in the performance of a plain duty.
Mr. Felton, of California, thought that if the Committee on Foreign Affairs had examined the facts before reporting the causes under which these outrages arise, and if it had looked into the history of the past, it would have found that these outrages were the natural result of Chinese immigration. The Committee should have addressed its attention to remedying the evil, rather than palliating and paying for scenes like these.
Mr. Morrow of California said that standing alone the measure was one of doubtful propriety, but considering the relation between the Chinese and the United States and the necessity for further legislation and for treaty stipulations absolutely prohibiting the immigration of Chinese subjects, he was disposed to think that the benevolence of Congress might be an act of wisdom. He was in favor of the resolution because it would strengthen the Executive in his attempt to secure the consent of China to put a stop to immigration.
Mr. McKenna of California expressed his horror of the outrage perpetrated at Rock Springs. It was not clear to him that an outbreak of antipathy in which no American participated had any claim upon the consideration of Congress.
Mr. Hitt of Illinois denied that the resolution would set a bad precedent. On the contrary, it would be a step only be a departure from a settled line of policy, and would be a violation of national honor. He cited numerous cases in which the United States had demanded and secured from China indemnity for injuries and insults perpetrated on American citizens.
Mr. Worthington, of Illinois, favored the resolution. The United States boasted that it was a Christian nation. He believed it was on a plane of civilization higher than China. It sent missionaries to heathen China. Should it be said that the United States would refuse that indemnity to China which China had already made to the United States in similar cases? He was willing to base his action on the broad principle of equity.
Pending further discussion the morning hour expired and the committee rose.

ENLARGED SHEET

To Advertisers.

The particular attention of the advertising patrons of the TIMES is called to the following points:

1. To avoid misunderstandings and cause for disputes, and to secure justice and uniformity in prices, written contracts for advertising are desirable whenever practicable, except in the case of transient advertisements, which are payable in advance.

2. Advertisers are requested to specify in every case the exact space their notices are to occupy and the length of time they are to run—whether a day, a week or a month, as the case may be. "Ti" (till forbid) advertisements will not hereafter be taken.

3. On account of the pressure on our columns, and the mechanical and other objections involved, it has become impracticable to admit excessively large advertisements—those more than two columns in width—except for very short periods, or in Sunday issues and extra sheets, when space is less restricted.

Rosecrans.

"Old Rosy's" nomination is still hung up in the Senate on charges of crookedness on his part in California land transactions. Ben Butler, the cock-eyed son of Destiny and statesman *sans pear*, has illuminated his person with the most lurid of war-paint, and is after Rosecrans with a freshly-whetted tomahawk and blood in his eye. (That is to say, the blood, not the tomahawk, is in his eye. The tomahawk is in his red right hand.) The traducer of General Grant has a record as a conscienceless land-grabber that is no credit to an honest man, as his bold operations in the vicinity of Los Angeles, some years ago, amply prove; and his attenuated explanations to the Senate will not do. A man whose conceptions of right conduct are so feeble and murky that he has to go to a lawyer to find out what to do, when the problem before him is one that can be solved simply by the exercise of sound common sense and the help of an honest conscience, has something wrong in his moral make-up. A man who cannot judge whether or no it is right to grab a piece of land from another individual, or from the government, without asking the opinion of a lawyer, is hardly clear-headed and clear-out enough in his upper story to make a good Register of the United States Treasury; and we shall not be surprised if the Senate takes the same view of "Rosy's" case and leaves him out in the cold, where office-seekers dread to be.

A Golden Opportunity.

Various sections of the State are making arrangements and appropriations that are looking to a prominent exhibit of their resources at San Francisco during the Encampment of the Grand Army in that city in August. It is a wise foresight that is moving in this matter. No better argument in regard to the resources and the possibilities of a country can be brought forward than are found in the logic of results, and all appropriations for such purposes cannot prove to be other than a wise expenditure that will bring its returns in increased immigration and the influx of capital. Los Angeles and vicinity have already been pretty well advertised through her exhibits at New Orleans and at the Chicago fair, but still there is room for wider effort. There will doubtless be many at San Francisco who never saw our exhibits in those cities, and to whom our industrial advancement and horticultural wealth would be a matter of surprise and astonishment. The opportunity which this Grand Encampment will afford us of making a display of the resources of our county should not be neglected, and it is none too early to take action in regard to it.

THE TIMES suggests the propriety of the erection, by our city authorities, of a drinking fountain at the corner of First and Spring streets. This busy business centre needs such a provision for the comfort of the hundreds who daily throng it. Especially during the hot weather of the summer would such provision be appreciated by women and children, who do not step with the same freedom as men into public places to satisfy their thirst. Drinking fountains are beneficent institutions that should be provided at all points most frequented throughout the city. They will often stand between the young man and temptation. If the cool sparkling water is at hand to quench his thirst, the inclination to go elsewhere and indulge in something stronger is lost sight of. They are good apostles of temperance and of comfort, and let us at least have one at the corner of the streets mentioned, by the time that the hot weather is fairly upon us.

GENERAL MASTER WORKMAN POWDERLY has called a general assembly of the Knights of Labor of the United States and the Dominion of Canada, to meet in Cleveland on May 25. Here is a chance for the Knights to show wisdom that will make them strong, or perpetrate folly that will make them weak.

THE Mexican government supports 10,000 public schools with facilities equal to many of our colleges. There is hope for any country that supports public schools.

POLITICS AND POLITICIANS.

Senator Mahone has written a letter to a constituent favoring the regulation of the liquor traffic by a more judicious license system.

"Put honest Democrats in office." The Philadelphia Inquirer remarks it is the President's anxiety to comply with this advice, probably, that makes him so slow about Democratic appointments.

The Legislature of Kentucky is about to make the act of lobbying an infamous one, punishable by a fine of $500. The Legislature does not reflect how many men will be thrown out of employment. —[Kansas City Journal.

The fact that the Payne report to the United States Senate has been tampered with, to weaken the effect of the majority report, is conclusive evidence that the Democrats are not sanguine as to Payne's eventual triumph.—[Toledo (O.) Commercial.

The Vicksburg Herald properly warns Jeff Davis that he is "not of the new South, but of the old South, and that while he said things at Montgomery that would have been better unsaid, he left unsaid things which he of all men ought to have said." We fear that the Herald of Vicksburg will get itself disliked. Bonus Magwump organ of the North may assail it.

Charles A. Dana before the Congressional Telephone Committee, speaking of Cleveland: "I thought very highly of his abilities in some respects. I think he was a very bad Democrat and I tried very hard to beat him. I came mighty near doing it, too. He had a tight squeeze—a plurality of only a thousand votes in New York, and Burchard did that. [Laughter.] The Democratic party would be a great deal better off to day, in my judgment, if he had been defeated."

Secretary Manning's family are inclined to insist on his resignation. The President desires to keep Mr. Manning as his right-hand man, and does not want to face the responsibility of a reorganization of the Cabinet, which must come when a new Secretary of the Treasury is chosen. The Administration Democrats in New York are represented as strongly opposed to Manning's retirement. They say that the Congressional outlook is very bad, and unless he is at the helm there will be no possibility of stemming the tide of Republican success.

STATE AND COAST.

Isidore Dreyfus is reported to have purchased about $150,000 worth of property in Santa Barbara lately.

Chinese in Sonoma county gather wild poppies and steep them in hot water, making a sleep producing decoction, which they seem to enjoy drinking.

Clark Streater, the taxidermist, has himself gathered, within a radius of four miles from Santa Barbara, and mounted, specimens of 200 different species of birds.

W. L. Pratt, whose ranch is one mile north of Visalia, has just finished the work of cutting into firewood one of the largest oaks which has ever been laid prostrate by the woodman's ax. This mammoth tree made 44½ cords of wood and 153 fence posts. The work kept two men busy a month, and the wood and posts are worth $125 on the ground, making a profit of $62.50.—[Tulare Times.

From R. M. Dillard, who has just returned from an extended trip through Carpinteria valley, we learn that the ground was never before known to be in so high a state of cultivation, and moreover, the crops were never more promising. The farmers are busily engaged in making hay, and the prospect of good times, in the near future, is depicted on every man's countenance. What may be said of Carpinteria is applicable to other localities throughout the county.—[Santa Barbara Independent.

But that false sums paid for purchase of property should become perpetuated is a crying shame.

This system of inserting erroneously large sums as being paid for the purchase of land has become a too common thing, and is only done to suit a too numerous class of real estate men.

Deeming this a subject of much public importance, I beg to suggest that the attention be drawn of the legislature to the fact, in order to have a law introduced to prevent falsification of figures paid for purchase of land, etc.

Boycotts.

Shoe and Leather Review.]

There is nothing in the world which attempts such a weak and cowardly revenge as the boycott system. It is in one sense a lawful way of obtaining unlawful ends—it is born of a spirit of revenge, and is therefore unworthy to be entertained or practised by any honest man. It seeks to obtain ends by coercion more potent than brute force, because it strikes at the daily bread of its victims. Its voice commands obedience or destruction. The very term "boycott," as it is now used, is odious to every honorable man. The man who specializes it raises his hand against the spirit of our free institutions which guarantees to every man freedom of action in all lawful pursuits.

It proposes to enforce its own degrees and terms, no matter how repulsive, even though they produce actual want and starvation. If an organized mob of men, who fancied they had a grievance against a tradesman, should swoop down upon him in a body, destroy his goods, throw his family into the street and burn up his house, they would be guilty of riot and of arson, and the whole community would rise up and demand their punishment; but, if the same body of men actuated by the same devilish spirit of revenge, by a well-organized system of persecution drive all customers away from the tradesman, paralyze his business until expenses eat up his substance and his creditors take the remnant of his assets, we call that a boycott, and the community smiles. The difference is only in degree; the same spirit of lawlessness is at the bottom in both cases.

California Industries.

The twenty-first Industrial Exposition of the Mechanics' Institute of San Francisco opens August 24, and closes September 25. The prospectus says:

"The Trustees of the Mechanics' Institute desire to call the attention of those interested in developing the industries of our State to the approaching twenty first Exposition, opening in August next, at their immense Pavilion in San Francisco. There will be at that time an unusual influx of visitors from the East, owing to the Grand Army of the Republic reunion and other causes, and such an opportunity of displaying the resources of our State to strangers and those desirous of investing in our lands will not soon occur again."

The Board of Trustees invite all whose interest is in agriculture, to send for display, at that time, exhibits of farm products. The office of the Exhibition is at 31 Post street. P. P. Cornwall is the President, and W. P. Stout, Secretary, who will send circular and premium list.

Can the good citizen *refuse*?" Bad penmanship and an unusually an intelligent compositor divided the blame.

FROM THE CONGO STATE.

Letter from Capt. Herbert Ward to His Parents.

The following letter, received by Gen. Edwin Ward from his son in Africa, has been kindly furnished for publication in the TIMES:

QUAMOUTH (mouth of Kassi river), 150 miles above Stanley Pool, en route to Bangala, December 22, 1885—*My Dear Parents*: I just have this opportunity of sending you a few lines, as I stay here waiting for the steamer Stanley to pick me up. I am cheering the isolated solitude of an Englishman who has been alone many months.

I shall leave here, most probably, about New Year's day.

I have passed a first-class examination at Leopoldville, in the Fiat language (the lingo of the Lower Congo) This entitles me to 500 francs a year in addition to my salary.

I am now going as chief to Bangala, and will consequently be paid a pretty good salary—£350 per annum, I expect. I start off in the country a bit to-morrow to try to get a buffalo for Christmas. If I don't, we shall have only sea biscuits and fowls.

There are lions here, and I am mad to get amongst them. I want a good lion skin for a rug.

As I am writing this, there is an old chief sitting on the ground in front of me, his slaves kneeling behind him and cnickers lounging about the verandah of his abilities in some respects. I think he was very bad Democrat and I tried very hard to beat him. I came mighty near doing it, too. He had a tight squeeze—a plurality of only a thousand votes in New York, and Burchard did that. FINANCE AND TRADE.

OFFICE OF THE TIMES,
LOS ANGELES, Wednesday, May 12.

Arrivals of Eastern products continue heavy, and shippers show the same disposition to take advantage of the low freight rates that has been so generally manifested since the rate war broke out.

Wool has declined during the past week, and Eastern manufacturers, influenced doubtless in the main by the labor troubles, continue to hold back and buy as little as possible.

A cut of ½c per pound in Sugar was made to-day by the California refinery. This brings the price of Sugar within ⅛c of the lowest ever known on the Pacific coast.

Advices from New York to the Orange Growers' Protective Union report fancy Oranges very scarce in that city, and selling at $6 per box.

The last circular of A. Lusk & Co., of San Francisco, under date of May 5, contains the following:

"Believing that a large number of fruit growers in Southern California are interested in knowing the exact condition of the fruit crop of this section, we have continued to devote a portion of our weekly postal to a review of the situation. Within the last fifteen days we have had careful and reliable reports from all the principal fruit sections, and find in all of them that the crops of Apricots and Peaches are very light, and some sections the local canners are offering to contract Apricots at double the price paid last year. Almonds are also reported short. Other fruits are reported to be a full average. With these conditions existing, good prices are indicated for the coming season, and producers should be careful and avoid being "picked up" at cheap prices for future deliveries. Sulphured evaporated fruit always brings a good price, and producers who are willing to take pains in preparing and drying need not be timid about holding their fruit, as they can always market it."

Referring to the Orange market the circular says:

"Since our last postal, arrivals have been light; but the market has continued groggy from the knockout of the previous week. Windfalls and culls will not bring good prices, and do not help to brace the price of good fruit. This market may be a convenient dumping ground for the sortings; but shippers should not complain of low prices when they send the sortings here and ship the good fruit East. There are some who have shipped good fruits here. That they have not obtained better prices is due to a considerable extent to the flooding of the market with windfalls and culls by other shippers. We question whether there is another city of the same size in the United States that can absorb so many Oranges as this, and maintain prices; and we believe that shippers would profit by paying more attention to the quality and condition of the fruit they send here."

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, May 12.—Government bonds dull, but firm.

To-day there was an unusual dearth of news affecting prices of stocks. The market opened somewhat irregular, but the total difference was 1¼ in favor of higher prices. Prices continued to advance throughout the afternoon and final figures are either at or near the highest price of the day. The market closed firm.

Real Estate.

NOTICE TO

BUYERS AND SELLERS

—OF—

Real Estate.

A great many to whom this article refers, imagine they can save money by avoiding even the best posted and most reliable Real Estate Agents. We know of many instances where the economizing, cautious buyer, having quietly hunted up his own purchase, paid double the price that we could have sold him equally as good property adjoining, owned by parties who must sell.

Inexperienced men are constantly going in and out of the real estate business who make a failure from a want of a knowledge of it. They often unintentionally mislead buyers into bad speculations; while many of the irresponsible, speculating outsiders brokers, having no office rent to pay, and avoiding the lawful license, will advise the buyer into any kind of speculations to make commissions, or will try to break up any sale where they are not interested. Many new-coming purchasers can testify to this after they see their mistake.

We have been in the real estate business for over twenty-five years, and claim to be thoroughly posted as to values, and a general knowledge of the business in every detail, and believe that there is no place where a full knowledge is as important as in this county, with its various kinds of soil, and short distances, affected by climate, altitude, and location.

We do not take property for sale held above its market value. We are, therefore prepared to lay before the buyer all kinds of city or country property as low, if not cheaper, than they can be had elsewhere, and some at great speculations. We cannot recal to mind, within the past two years, a single instance where the purchaser bought on our judgment, that he has not received, or could not get, an advance from ten per cent. per annum to three times its cost.

If required, we can give as reference some of the best business men and firms of this city, as to our business standing and manner of attending to the same.

10,560 Acre Tract FOR SALE,

Near Riverside, San Bernardino Co.

The property referred to is placed upon the market for the first time, and comprises one body of rich clear virgin land, 9,000 acres of which is table land and the balance rolling.

For years the tract has been used for pastoral purposes, though composed of first-class agricultural soil.

Situated four miles south from the town of Riverside. The railroad passes through the center of the tract, which is entitled to a station. The property is offered as a whole at a very low figure, and being in one of the most famous fruit districts of California, is especially adapted for a colony, and in subdivision would sell very quickly and at high figures.

With proper management, parties taking this land in hand would realize enormous profits.

Terms easy. Title perfect.

BAILEY'S BILLS.

Quite a Lively Tussle in the Supervisors

OVER THE SANTA ANA DOCTOR'S FEES.

His Small-pox Examination—Did He Collect From the Patient and the County Too?

The Board of Supervisors, at the meeting yesterday morning, called up the matter of the charges of fraud and collusion against Supervisor Ross and Dr. Bailey of Santa Ana by a communication to the TIMES of April 21.

Williams & McKinley were present as attorneys for Dr. Bailey and District Attorney Holton and Mr. McFadden took the case on behalf of the people of Santa Ana.

It was claimed by Mr. McFadden and a number of the physicians of Santa Ana that this matter is creating wide-spread interest and excitement down there, while upon the part of Dr. Bailey and the Supervisors it was claimed that the whole matter is merely a persecution for the making of political capital.

A detailed account of the proceedings before the Board is here given for the enlightenment of the public. The case was called for hearing at 10:45 a. m. and the witnesses were summoned and sworn in a body, and then, at the request of Dr. Bailey's lawyers, were excluded from the room with the exception of the witness offering testimony, so that no one could overhear another. The Supervisors' room was filled with interested lookers-on.

SMELLING OUT SMALLPOX.

The first matter called up was the item presented by Dr. Bailey and paid to him him Allie Booth, a man of eighteen years employed in Glass's book bindery. It is believed that the pair drove to Pasadena. Somebody who knows the girl reports that he saw them driving down the Arroyo Seco late Sunday afternoon, and that Miss Booth was leaning over in a limp condition, as though drugged or under the influence of liquor.

That is the last heard of the pair.

The mother of the lost girl is Mrs. M. J. Tower, who resides at No. 115 Bellevue avenue. For two days she has been haunting the police office in a half distracted condition. Although the officers have made every effort to obtain a clue of the missing girl, their search has been barren of results.

Miss Booth is about eighteen years of age, somewhat slim in figure, and with a handsome and striking face. She has been employed in Glass's book bindery as a folder and stitcher for the past two years.

Tom Downey may be anywhere from eighteen to twenty-eight years of age, having one of those young-old faces which are hard to read. He was employed, as stated, at the Pico House in the capacity of bell-boy until last Saturday, when he was discharged.

"What any girl could find to fancy in him," said an attaché of the Pico House last evening, "is more than I can imagine. There was not a prepossessing thing about him, either in his face, figure or manners."

The Great Fool-Killer.

Everybody has read of the mythical fool-killer, who is supposed to visit different portions of the earth periodically in search of fools. Private advices have been received which state that he is due in this town next Friday morning at 11 o'clock, and everybody who is not found at the corner of Main and Cable road, attending the great sale of lots by the Los Angeles Improvement Company, is in great danger of being spotted for his folly and destroyed forthwith.

Lowest Offer in the City.

Twenty lots subscribed for yesterday. Don't miss this opportunity. The price of our lots, $250 with improvements, is way below the market. Go out and see the grounds; they are perfect without a flaw. To see, means to buy. Call for maps. J. M. HAMILTON & Co.,
Manager of the Co-operative Nursery Tract.

Read large advertisement, page 3. Ten beautiful houses free.

Ladies.

I have just received from the East a fine stock of French patterns, of great elegance, in the very latest styles, which must be sold immediately, at low figures. Also a large invoice of fine flowers, of which I make special sale to-day and the three succeeding days. Do not overlook the place because it is away out on Spring street, between Second and Third, No. 153.
MISS M. AIKEN.

To Contractors.

Contractors and others contemplating building at Santa Monica, can buy lumber, doors, windows, lath, hardware, and everything in builder's line, of W. D. Vawter & Co., at Los Angeles prices.

May Musical Festival.

Mr. W. G. Cogswell, who sings a difficult baritone solo to-night, has more than a local reputation. He has been abroad, as well as extensively before the people of several States in standard opera.

Two Requena street men were arrested yesterday for violating the fire limit ordinance.

The police force are to be photographed in a group in front of headquarters at noon to-day.

A merchant was yesterday brought to taw for constructing the street. Let fellow sinners beware.

A Raymond & Whitcomb party of 99 arrived by special train of five Pullmans, yesterday, over the A. & P.

The Central Railroad Company has distributed rails along the Ninth street extension, preparatory to laying at once.

The Los Angeles and San Gabriel Valley Railroad Company expects an instalment of rails for its extension next week.

Marriage licenses were yesterday issued to E. Day and E. E. Elliott, C. D. Taylor and I. M. Barnard, A. C. Carter and L. E. Thomas.

Filed in the Recorder's office yesterday: 48 deeds, 16 mortgages, 12 satisfactions, 5 marriage license and 8 miscellaneous papers.

C. J. Simmons, a drunk and disorderly, who smashed the glass in a barber-shop, went over the bay for ten days. Ramon Rannsta and Jose Misma went up for five days each.

The portraits of Judges Brunson and Cheney, done in oil by the artist Jenks, were placed on exhibition in the County Clerk's office yesterday. They are admirable likenesses.

Jas. Eagan, the one legged man who made it lively for Officer Stoermer and the rest of the force Tuesday night, was yesterday before the Mayor, and was sent up for 60 days.

There are messages at the Western Union office, 17 N. Main street, for E. Barney, A. F. Callahan, C. H. Hamilton, L. Leonard, Charles Benj. Adair, J. Balett, J. H. Hanna and Frank M. Lamnjer.

J. B. Lankershim reports to the police the loss of two dark grey mares, three years old, with Hancock Johnston's brand (H J). The animals strayed from the corral corner San Pedro and First streets early yesterday morning.

A meeting of the California Association, for ex-Union prisoners, will be held in the City Court room this evening. The design is to make arrangements for the reception of ex-Union prisoners who visit this State during the coolave, in August.

L. T. Pierce writes to the TIMES complaining that about six weeks ago, he befriended a Mrs. Simmons who represented to him that she was the wife of a Grand Army man from Portland, Or. He has since ascertained that the woman is a fraud.

There will be a meeting of the citizens of East Los Angeles at Crescenta Hall at 8 o'clock Friday evening, May 14, in the interest of the new hotel and other public matters. The meeting will be addressed by His Honor, Mayor Spence, Major Geo. Bonebrake and other prominent speakers.

Work on the city's job of paving on Spring street progresses satisfactorily. A bed of six inches is put down in three-inch layers and well tamped. This will crystallize in about ten days, when a layer of 2½ inches of asphalium composition will be placed on the surface. C. W. Duffy, Superintendent of the Mineral Rock Asphalt Company, is in charge of the work.

ANOTHER COLLEGE.

The Baptists Locate an Institution on the West Side

The committee appointed by the Los Angeles Baptist Association at their annual session held in Pomona last September, after much deliberation, decided to accept the munificent offer of the property owners near the west boundary of Los Angeles to donate a fifteen-acre site near the terminus of Diamond street and 280 lots. This is by far the best offer made and has been formally accepted by the committee, who obligate themselves to begin work within ninety days from May 1st, and to erect a building costing not less than $10,000 before September 1, 1887. While they only obligate themselves to erect a $10,000 building they hope to spend at least four ti es that amount in improvements within the time specified. The location of this institution on the west line of the city will have the effect of drawing one or more of our lines of street railroads to the immediate vicinity, and the adjacent property, which has heretofore been inaccessible for residence purposes, will be greatly enhanced in value.

The names of the gentlemen who have the business sagacity to make this liberal offer are as follows:

Messrs. Smarth Brothers, Shatto and Maltman donate a fifteen-acre site and fifty lots around it; Messrs. Davis, Stilson and McFarland donate seventy lots; Ralph Rogers donates thirty lots; Philip H. Martz donates thirty-five lots; Messrs. Albert and Dan McFarland donate ten lots; Messrs. Smith, Patton and Hubbel donate eighteen lots; J. G. De Turk donates ten lots; H. Newmark donates six lots; G. A. Frediuker donates five lots; J. W. C. Miller donates five lots; Jacob Hammell donates three lots.

There are others who will contribute, so as to bring the number of lots up to two hundred and eighty.

Manufacturer's Fuel

The progress which has been made in the use of petroleum or crude oil as fuel in this city and county, is evidenced by the fact that the Oil Burning and Supply Company, who have become the sole agents of the P. C. O. Co., for the delivery of all crude oil in less than carload lots, have put up a 1700-gallon tank, to provide for the increasing demand for small establishments. Brickyards, breweries, wineries and laundries have lately adopted the Edwards Oil Burner for steam use—and applications for it are steadily on the increase. The Oil Burning and Supply Company are owners of the patent and its improvements. The problem of fuel for manufacturing purposes seems to be solving itself.

Announcement.

Forty lots already subscribed for in the Norton tract, at Mount Oread. Installments are extremely easy. Remember the price of each lot is very low—only $180. But a few days more before books will be closed. Easy, special conveyance provided for all parties wishing to inspect property, house, etc. Apply for same at rooms 21 and 22, Nadeau block. Office hours from 10 to 4. Can be interviewed any hour of the day or evening, by special appointment.

Dewberries.

D. F. Hall, of Fairview Ranch, Alhambra, has laid upon the TIMES' table beautiful samples of ripe dewberries. This fruit seems to be well adapted to this climate, as the berries are four times larger than those grown east of the mountains. The vines bear very prolifically, and Mr. Hall is sanguine of making a profitable business in cultivating the fruit and selling the plants.

East Los Angeles.

A few choice lots unsold in the Schieffelin orange grove, Schieffelin avenue, for sale cheap, before June 1st, on easy terms. Apply to F. H. Lowell, on the tract, or at the office of Ben E. Ward, (between 10 and 2 o'clock), 31 N. Spring street, Los Angeles.

INVESTMENTS
—IN—
Growing City Property

Are probably more remunerative in the long run than any other class of securities. Los Angeles is so situated that its business growth, that which makes property most valuable, inclines in but one direction, that is south. Hills on the west, river on the east, prevent the side development that otherwise might take place. If, as is generally predicted, the city contains 100,000 population five years hence, the most of this ace sion for business particularly must extend out Main st. Property at that time situated on the present boundary line in fact direction will probably bear some such relation to the city that Sixth and Main now does.

These facts in mind, we refer to the extraordinary offers of the managers of the Co-operative Nursery Tract, now for sale, subdivided into 497 residence lots, none less than 50x119 feet each. This tract, situated 2½ miles south of Postoffice, is beautiful and perfect in every sense. Those acquainted speak of it in the highest terms. Handsome residences surround it in all directions.

With these lots are included ten beautiful dwellings. Heavy plank sidewalks in front of every lot; four must electric lights; fifteen extra large corner lots; fourteen-year-old seedling orange trees and bearing vines, all of which improvements are included in the price, $250 for each lot, payable in easy installments, as follows: $50 cash at time of subscription, $25 in one month, $10 in two months and $10 in three months and each month thereafter until $250 is paid. A few lots in the orange section will afford a family living. About July 31st a drawing will take place to see which of the subscribers get the dwellings and choice lots. These dwellings are to be elegant and first-class in every respect. Plans to be seen at office of J. M. Batchelor & Co., real estate, auctioneers, 236 N. Main street, Baker Block, where subscriptions are being rapidly received. The title of the property is perfect. For further particulars and maps call at above office. Also see large advertisement in this paper, page 3, where a more detailed description may be found. The owner of this tract, whose responsibility is of the highest class, respectfully refers to his Honor, Mayor Spence, President of the First National Bank, President John E. Plater, of Los Angeles County Bank; President Geo. H. Bonebrake, of Los Angeles National Bank. A team leaves 236 N. Main st., Baker Block, daily, fare 5c, to show visitors the grounds. my8 1m

CONSUMPTION

And all the various diseases of the

HEAD, THROAT AND CHEST

Together with the

EYE, EAR AND HEART

Successfully treated by

M. HILTON WILLIAMS,
M. D., M. C. P. S. O.,
276 N. MAIN ST.,
Los Angeles, Cal.

All diseases of the respiratory organs treated by the latest system of practice, which enables us to bring the remedies into direct contact with the disease part. These are in all cases combined with proper constitutional remedies for the liver, stomach, nervous system and blood.

CONSUMPTION.

The earlier symptoms of this disease are a sense of weariness upon little ex rcise a disposition to remain passive and idle, a peculiar sensitiveness to the effect of cold, and a shortness of breath upon moving quickly or ascending a hill or stairs, a slight hacking cough, with or without expectoration, flitting pains throughout the chest or back, or under the shoulder blades. The symptoms are worse toward or during the night; slight fever in the afternoon; cold feet and hands and in many cases blue lividity of the lips and roots of the finger nails.

The more advanced symptoms are wasting of flesh, diarrhœa, chills and fever, night sweats, expectoration of yellow pus from the ulcers or cavities in the lungs, with or without a depression of the chest, increasing weakness, and at last a closing up of the air passages of the lungs, causing strangulation or suffocation of the patient for want of power to expectorate the mucus from the lungs.

Heretofore the treatment of consumption has been very unsatisfactory, alike to both the physicians and their patients, but mainly since the discovery of the Kress system of practice a few years ago, thousands of cases have been completely cured, where, had it not been for this system of practice, utter failure to combat the evils of the disease would have confronted us in the present time. This system is recommended by the highest authorities, both in Europe and America, by this means we are enabled to d s olve the hardened mucus in the lungs, relax the cells, facilitate expectoration, contract and heal ulcers and cavities after all hope of cure by the ordinary method is past.

Persons dee ring treatment by this system of practice can set the remedy at home as well as at our office, and where will cause no inconvenience or hin rance to business whatever.

I have seen so many of these cases cured that I do not consider any case hopeless unless the disease has advanced to the chest and that both lungs are seriously involved. The Inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do, with the same success. The very best references from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their case had better call at the office for consultation and examination, but if impossible to do so can write for a copy of my Medical Treatise, containing a list of questions. Address,

Deferred payments without interest. Many of these lots are valued at $250, $200 and $350 each. These lots are in the Norton Tract, being a portion of the

Noted Highland View Tract.

Parties can visit the tract by bus or by the L. A. and S. G. V. R. R. trains, which pass it six times daily; but a far more pleasant trip can be made by private conveyance, fifteen minutes' drive from the Postoffice.

The celebrated Prospect Avenue, six miles long, traverses this tract, and the outlook from it at this point upon the surrounding suburban homes, the adjacent hills and distant mountains is unsurpassed.

It commands a view of Pasadena, Sierra Madre Villa, San Gabriel Valley, Raymond Hotel, San Fernando Valley as far as the eye can reach, and the ocean in the distance, as well as a nearer and more perfect view of the City of the Angels.

According to our project, the superior inducements are manifest, since there are fewer lots than might be expected, together with lower and better terms than any preceding investment proposed to the public.

Owners will transact all business with the respective parties purchasing. Premises open to the fullest inspection at all hours of the day. All questions courteously answered and particulars clearly set forth.

Lots vary in size from 30 to 70 feet front by 60 to 175 feet in depth.

Maps now on exhibition and books open for subscription at Rooms 31 and 32 Nadeau Block, and No. 28 N. Spring st., corner of Franklin st.

MILLINERY.

It is acknowledged by all who have taken the pains to acquaint themselves that the largest stock, the finest selection and the most stylish

MILLINERY

Is to be found at the

People's Store

Our spacious Department is at all times filled to its utmost capacity with the most desirable shapes of Street Hats, Dress Hats, Turbans and Bonnets. It should not be taken as a criterion that because we sell a shade hat at 35c which is sold for 75c elsewhere, or a dress hat at 65c and 85c which is sold at $1.25 or $1.50 elsewhere, that there exists any difference in the grade of hat. The only difference is in the manner of buying and selling.

If you intend to get Millinery, you will save money and get the latest styles at our Millinery Rooms. Hats trimmed to order.

DURING THIS WEEK

We will open our

10 Cases Mo[ons]

Of the

SHADE HAT

AT 85c.

We open a variety of shapes in Venetian Rough and Ready Straw, 65c, worth $1.

We open a case of Porcupine Straws at 65c, in ladies and misses' worth $1.

We open the first case in this city of the Binghamton hats, a great novelty in shape, very much worn in the East and just made from imported Straw blocks. We have this hat in Rough and Ready, Porcupine, Pearl Braid and Fancy Mixed.

Just in, a large variety of Fancy Gauze Ribbons and Fancy Trimmings and Tiron Beads for edging hats, also wooden rosary beads and beads strung on tapes.
